

Testimonials

"I am thankful that I was able to have Dane as my coach. I have taken lessons from other instructors but I usually left my lessons with too many swing thoughts running through my mind and I was unable to improve. He simplifies the golf swing and makes the game easy and fun. With his time and effort I went from a beginner to an above average player." Christopher Johnson

"I took part in the Get Golf Ready in 5 days Program and it was the best choice I could have made. I used to top the ball a lot and was not able to get it air born. Within the first 5 minutes of Dane talking to the class he gave us the best tip of our life and our golf balls were consistently getting in the air. If your new to the game make sure you get involved with simplifying your swing with Dane." Jennifer Rhodes

"Like a lot of golfers, I had gone out and purchased numerous DVDs, books and coaching aids, listened to the "your head was up" brigade of amateur instructors. Nothing seemed to improve my game, and in some ways they became more of a hindrance than a benefit. Dane taught me to learn from my mistakes, make the next shot count and leave the bad shots behind you. Before working with him I would regularly shoot in the 100's, but within a few years I was hitting in the low 80's on a regular basis. Years later I find myself not only enjoying every minute that I'm out there playing, but my game has improved in leaps and bounds." John Beard
